The movement in Cotton is as follows: 1854. 1853. Receipts at all ports since last Sept. 1st, 1854, 2,322,487 bales.

The receipts are 342,000 bales less than last year. The Parker Vain Coal Co. The Directors have a proposition before them from the 14 managers, by which the Company will receive the Bonds received for the steamships and the Victoria Co.'s property.

The Commercial advice by the Union are favorable. The Cotton market was active and better, selling here the advantage 1/4. Breadstuffs also turned upward again. Flour being 1/8 higher. Corn was held 7/16 higher. Bull. Money was working easier, and discounts could be obtained below Bank rates.

The Paris Bourse was firm at previous rates, 24 1/2 @ 1/2. The London papers of the latest date say: "The English funds opened this morning at the improved prices of yesterday, but owing to the market being well supplied with stock throughout the day, they closed at a decline of a few points."

The amount of specie brought in by the Royal Mail Steam Company's vessel Tamar is \$1,740,000, or about 1,348 tons, but of this all but \$300,000 or 233 tons is in gold.

The English Stock market today, though extremely inactive, was a money market and the harvest prospects continuing to afford great support to prices. The market closed 1/4 to 1/2 cent higher than on Saturday.

The Paris Bourse today was firm with little variation. At Vienna yesterday the rate of exchange on London having fallen 2 1/2 cent. It has followed, however, this morning by a reaction of nearly 1/2 cent.

At Boston the Money market is working easier, while at Philadelphia there are appearances of greater stringency.
